Carolyn,

Please see the attached summary letters which we have mailed to Priority Residence property owners.

The letters should be redacted prior to release to the public (if requested) since we had to include the address of the structure on the letter since the tenants do not have the site identification rubric.

We still have 7 letters to finalize and submit to property owners (and are not included in this email).

Please let Brad or myself know if you have any questions.

Thanks you,
Chris
